

1920's Grover Cleveland Alexander Stall & Dean Marathon 4272 Speed Model

This is a great glove. It's extremely soft and supple inside and out and it hasn't been cleaned. It could stand a light cleaning to bring out the light stampings. This is an important model to glove collectors. On the thumb it says, "I use and recommend this glove" but it's light as is the model number and endorsement. They are very light. The lining is butter soft and has no holes at all. If it had a flaw, it's the little nick on the wrist strap piping and ever so faint initials on the strap glove, which might be able to be cleaned off.....\$325

Early 1900's Buckle Back Buckle Web Crescent Padded Catchers Mitt

This well-made model is in good condition. The leather is supple with some cracking along the back of the thumb and few other areas. The inner lining feels great on the hand with no holes or cracking. The face of the glove features unique stitching to reinforce the palm area. The web strap is a replacement as the original was missing when found. On the top face, there is a faded makers mark but it is unreadable. Great example of an early 20th century, high quality catchers mitt.....\$595

Zip! and each of these gloves is open for inner greasing

INNER GREASING QUICK AND EASY

Note how glove has been opened at the heel, permitting easy access for inner greasing

This Exclusive Wilson Feature makes it possible for you to quickly and easily grease your glove or mitt in exactly the same way professionals grease theirs before breaking them in. Swiftly slide the hookless fastener open, place the desired quantity of vaseline inside the glove at the pocket and side the fastener shut. The grease works its way outward through the leather and inward through the pad at the pocket, softening the leather and the pad, enabling you to set pocket in just the way you prefer it, and, due to the rubberized covering over the best padding which prevents the grease from spreading into the heel, the grease stays in the pocket area.

1933-35 Wilson Ever Greased Rite 654 Zipper Heel

Produced for just three years from 1933 to 35, the Ever Greased Rite model zipper heel was designed to grease the glove from the inside with Vaseline. This is a Steer Hide model. It's missing the pull tab for the zipper. The leather is in very good condition and has no holes or tears.....\$495

Early 1900's Buckle Back Buckle Web Catchers Mitt

The mitt is thick, well padded and has a really nice antique look to it. The leather is still very soft and supple and has a great on hand feel. No rips or tears inside. It's a full adult size at 10"H X 9 1/2"W and features all leather construction. There is an old seam stitching repair at the crotch in the pocket. It is well done and not visible on display so it was left alone. The heel only lacing is very old..... \$275

1930's Lon Warneke 100 Junior Model Glove in Picture Box

This is a super tough pre-war glove in picture box. The glove is a Junior Model 100. The box is sturdy and in nice structural condition. It's all original with no ink.....\$250

1900's-10's Ratsch Peerless Full Web

This is an early 1900's white Ratsch Peerless full web with the rare iconic yellow and black celluloid button. The glove measures 9" from left to right and 9.5" from top to bottom. The lining is in excellent condition and feels nice and smooth all the way through the finger stalls. Gloves and mitts from this manufacturer, including the famous Duck Webs, are pretty tough to come by. As far as white full webs from Ratsch Peerless, in the words of many in the glove collecting community, "Find another one!".....\$750

This glove is in outstanding condition patterned off the Dazzy Vance model. Bucky Harris gloves are difficult in this model.....\$500

Goldsmith "Professional Model" Catchers' Mitts

Model CM—"Chief Meyers". Designed and used by "Chief Meyers," former famous National League catcher. Moulded, scoop shape, of selected tan, waterproofed cowhide. Stitched with extra heavy waxed linen thread. The pad is of special construction, consisting of layers of absorbent felt on a foundation of flexible cowhide. This pad will absorb the pounding of the fastest pitching. The patented (Oct. 24, 1916) Goldsmith Finger Grips and the patented wrist protector prevent turning and slipping. Light in weight and easily handled. Full laced edge with rawhide lacing. Each, \$14.00

1920's Chief Meyers Goldsmith CM Catchers Mitt

This is a beast of a mitt. It's as fat as a pig. This was a top of the line catchers mitt in the 20's. It's in all original condition. It features the patented March 22, 1910 buckle strap, a Goldsmith tag on the thumb and all original lacing. The exterior leather is thick and smooth, so smooth that the stampings are light. The front is dark and the back is a rich red-brown color. It has a smooth lining free of holes. It has a small white mark on the front but that's about it other than the light stampings. Extremely rare mitt.....\$450

1930's Beecrux Double Tag, Buckle Back from England

Interesting model glove from England. The leather is soft and supple. Inner lining does not run up into finger stalls. Tag on strap and a National Baseball Association patch on lining. Ink on back of pinky. Unique model that displays well.....\$250

Early 1900's Webless Mini Glove

This mini webless glove is 7" tall. It's a small kid's or salesman's sample (with no index finger seam) and has an interesting material wrist strap. The lining was either patched or much of the asbestos has worn away. Displays cool and not many of these around!.....\$1,200

1920's Bill Doak Rawlings Special & Burk & Co. With Two Tags

This is a unique double tagged lefty Bill Doak Special glove. It's a high-end model and both tags are in nice condition. The lining is smooth and feels nice on the hand but exhibits chafing near the heel. The exterior leather is supple. Owner name in ink. Displays cleanly from front and back. Light factory stamping visible on palm. Retail tagging for Burk & Co., Nashville, TN.....\$450

1920's Lou Gehrig Banner Peerless B164 Basemitt

1940's Tony Lazzeri Marathon 4227.....\$200

1930's Spalding Rainey Trap Web

This is 30's Rainey Trap Web glove. It can be either an Earle Combs or a Pinky Whitney model but I can't tell. It would need to be cleaned to tell for sure. The exterior leather is smooth and supple and so is the inner lining. It feels great on the hand but has the smallest hole on the way into the pinky tunnel. It's probably the size of a pencil eraser. You can't feel it when your hand is in it. It features the deep patent stamping on the web as well as a nick off the top. The tag is there but worn.....\$225

1920's Victor, Wright & Ditson 1" Web

This is a beautiful black Victor, Wright & Ditson 1" web or sewn web glove. The exterior leather is supple and the lining is outstanding. Feels fantastic on the hand.....\$750

1910's Derby Full Web

This is one of only two Derby brands I have ever seen and the nicer of the two. It is an adult sized high quality full web. The exterior leather is a great honey color, smooth but a little stiff. It could use a conditioning to soften it up. It has some period stitch repairs on the front. The tag is complete with no rips or tears but some of the gold lettering is light. The leather piping is in great condition. The lining looks great but has a hole at the thumb tunnel opening. Feels fine once on.....

\$275

1910's/20's J.C. Higgins 1665 1" Web

This is a neat lefty 1" web. The web is placement of the web and how low it is on the thumb and forefinger makes it a bit unique. It features a smooth lining, nice piping and tag.....\$275

1930's-40's Morris Arnovich George A. Reach WOW

This glove is close to near mint condition. It's a large, high quality glove. A beauty inside and out. Unimprovable factory markings, nice reddish-brown leather contrasting with the yellow dyed leather wrist strap. Pretty cool!.....\$210

1920's-30's Dazzy Vance Marathon 4234

This is one of the more difficult Vance models with only two Marathons cataloged. This one has fantastic exterior leather that is extremely supple and super high quality. The inner lining isn't as nice. It has some checking and holes up where the finger tunnels start. Once on, it's not so bad but you have to get your hand past the rough part at the base of some of the tunnels. Top lace replaced but the cool braided heel lace appears to be original. It has no ink, rips or tears.....\$175

1910's Ty Cobb Brand W.B. Jarvis Full Web

Extremely rare manufacturer. The glove has a nice Jarvis/Cobb patch but the glove has both interior and exterior leather issues. There is a hole in the palm area and a second hole between the middle and ring finger. The patch is the most important part and it's in-tact and very readable.....\$475

1950's Harvey Haddix Rawlings HH The Kitten

This is a very high end model. It shows normal use but has not been abused. It has a nice smooth lining that feels great on the hand. It has never been cleaned and could be shined up nicely. The flaw on this one is that the Rawlings tag is a little ripped but it is still complete and displays nicely. All the laces are original and tight and it has no ink. This is the model Willie Mays used for "the catch" off Vic Wertz in the '54 World Series.....\$95

*221-51. JIMMIE FOXX. Improved and perfected one-piece palm, welted insert thumb model, gusset reinforced deep pocket. Made of prime quality genuine horsehide throughout especially selected for both weight and pliability. Extra large. 1900s D&M Full Web

This is early 1900's white D&M full web with the black and gold patch. The glove measures 8.5" from left to right and 9" from top to bottom. The leather feels nice and soft and the lining is in nice shape up through the fingers stalls with some cracking toward the bottom of the glove. This is a beautiful white example and displays very nicely from the front or the back.....\$400

1960 Hank Bauer Rawlings TG 36 TrapEze in Box

I've had this empty box since 1995. It took 22 years to find the right model to put into it. Winning bidder can try to upgrade it. It's a matching numbers TrapEze model. It has no ink and is all original. It just needs a cleaning, I did my job as a custodian of the hobby by pairing the two back up. Now I'm satisfied. My job is done. Time to move it along. The top box pic is the front, the next is the left side, the next is the back and then the right side.....\$125

This model has a smooth lining, some silver in the endorsement and a nice button. Oooh!\$1,200

c. 1925 Cy Perkins Rawlings/Schmelzer's HL Catchers Mitt

This is a landmark Harry Latina designed mitt and a Rawlings flagship model for decades. The mitt features the patented double snap pinky and thumb loops that are still intact and functional. The lacing and all the metal grommets are intact. The wrist strap has some surface cracks but is still intact and functional. The mitt is 10" in diameter. The exterior leather is still supple. There are no holes or tears. The inner lining has some light wear but is still smooth for a great on hand feel. The leather piping has some light wear. The factory markings on the front are remarkably intact with the Rawlings logo at the top and "Professional" somewhat obscured below. The model number HL is easily seen. The Perkins endorsement is very strong as is the Patent stamp of "Nov. 17, 1925" on the side. The mitt is distinguished by the two near perfect cloth patches, one a Rawlings and the other a Schmelzer's Athletic Goods..... \$195

The Rawlings "Bill Doak" Glove

On every Major or Minor League Ball Club you will find the Rawlings Bill Doak Glove in use by the players who are the most particular and exacting in their requirements. They have singled out the Doak Glove for their approval, because it possesses those qualities which are necessary to the success of their respective positions, whether outfielder, infielder or pitcher.

No other style or model of glove has met with the universal approval of so many players of various positions, and the reasons are:

First: The Model is original and distinct from any heretofore produced and is found to be scientifically correct.

Second: It is ready for use the day you receive it, and needs no breaking in.

Third: It is large, roomy, soft, flexible, and well fitting.

Fourth: It is made of the finest materials and workmanship throughout.

Fifth: Will outwear other makes of high-grade gloves, owing to the superior quality and the Glovulium treatment of the leather.

Made on a large pattern, laced between thumb

and forefinger, forming a deep pocket for the ball. Well padded in large, little finger and thumb and at wrist. Roll Leather bound and welted seams.

No emphasis we might lay upon the unusual elements of value incorporated in this glove can compare with the enthusiastic recognition they are receiving everywhere.

For sale by the leading Sporting Goods Dealers all over the country. If you have never used the Rawlings Bill Doak Glove, and would care to try it, we will be pleased to have your order together with remittance, and if after you have given it a thorough trial, find it unsatisfactory, return it at our expense, and we will refund the purchase price.

Beware of imitations and the "Just as good kind." Be sure "Bill Doak's" name and Rawlings trade mark appear on the one you buy. "Made with Long Fingers," "Made with Short Fingers," "Made with felt cut out of Palm," "Made for the Right and Left Hand, or MADE TO ORDER THE WAY YOU WANT IT. Price, each.....\$5.50

133 JOE DiMAGGIO. Autographed and endorsed by Joe, himself. Extra-large size. Selected-quality willow cowhide. One-piece palm and thumb. Good-quality padding. Well-broken-in pocket, with full cowhide lining. Regular back with wide wrist strap. Available in full right for left hand players. Each, \$9.25

1940's Joe DiMaggio Spalding Marvel 133

This is a yellow-orange Joe DiMaggio Spalding 133. Of all the DiMaggio models out there, the 133 is the staple and most say the one that belongs in every collection. It's a super high quality model and this example shows very little use while still retaining much of its original silver. The inner lining feels fantastic. It could use a light cleaning as it has never been cleaned, is all original and has no ink.....\$250

1950's Hobie Landrith Rawlings BOF Catchers Mitt in Box

The mitt is close to near mint with minimal playing time. The markings on the front are still clear with silver stamping. The back of the mitt is flawless. It's a large mitt at 10"H X 11"W. It was one of Rawlings' better mitts back in the day and is supple all leather construction. The box and lid are 100% in tact with slight water staining to the label and minor warping of the cardboard sides.....\$175

1940's Kanazawa Sporting Goods Tokyo Catchers Mitt

This mitt is for a left-handed thrower and is in good shape. The leather is a bit stiff but is of high quality. The face stampings are worn but still visible. This model is the K350. There are some white paint spots on the back of the mitt as well as a tear to the left of the wrist strap area. Overall, it is a unique piece with a cool looking patch.....\$95

White Hudson Sporting Goods 1" Sewn Web. The glove measures 9" x 9". The glove features outstanding palm stampings that read "Professional Model", "Genuine Horsehide", and has the Hudson Sporting Goods logo that depicts the company name and "New York City". The lining is a bit rough and there are some tears up in the finger stalls, but overall this glove displays great and the leather feels nice and soft. This might be the only known white sewn web from this very hard to come by manufacturer.....\$200

1940's Pete Reiser MacGregor Goldsmith JCR in Box

The glove was top of the line and is in great original condition with no flaws. The cloth patch and factory markings are super. The glove measures 9 1/2"H X 10 1/2"W. The box is good. The lid is all there but in poor shape. The front panel is detached and a 1" X 3" section on the top is detached.....\$110

Catchers Mitt Group #2

Clockwise from the top:

- (1) A Goldsmith mitt in fine shape. Cloth patch is missing. Logo still visible, cloth piping.
- (2) An early Spalding mitt in good shape. Part of wrist strap detached but otherwise all intact.
- (3) A Reach mitt with patented wrist strap. Cloth patch is good. Leather piping. The front is nice, the back has a few tears.
- (4) A Goldsmith mitt. Nice two-tone front and back, leather piping and cloth patch is good. Some damage to the top of the mitt where padding is exposed.
