*THE name of Spalding is a household word in every home where there is a boy. He knows why he wants the Spalding Trade-Mark—because it always adorns implements used by successful players in every branch of athletic sport.*

*The Spalding Trade-Mark on any article pleases the boy. It gives the ball, bat, glove, mask, uniform, or in fact, any athletic article, its proper classification—THE BEST. Just ask him about it.*

*JUDGE the goods by the maker and you will rarely be disappointed. A. G. Spalding & Bros. for nearly fifty years have been manufacturing athletic goods that are universally recognized as standard and always of the best quality and workmanship.*

*There is no pretense behind the Spalding Trade-Mark. It represents quality and satisfaction and the public knows it.*
