Wilson '81 The A2000

Wilson makes the right glove for more than 200 major leaguers... pros such as Fred Lynn, Mike Flanagan, Bruce Sutter, George Brett, Richie Zisk, Jim Rice, Bobby Bonds and many others. For consistent performance, their choice, and the choice of pros for 25 years, is the Wilson A2000.

Wilson A2000 gloves feature selected Ansonia tanned leather with a top quality soft tan leather lining and one-piece wool felt padding. The A2000-L is specially sized for infield play and for the youth player. The A2000-XXL is an oversized model designed for softballers. The XL models offer maximum baseball size pattern. All are made in U.S.A.

But the Wilson story goes beyond the A2000. The quality and professional features found in the A2000 go into every glove Wilson makes. All Wilson gloves are designed by experienced glove technicians with the aid of our extensive major league staff. They are all crafted from select American hides tanned for optimum feel and durability. They're firm for many years of tough, competitive play, yet flexible enough to respond for perfect control.

A A2000-XL Glove

The A2000-XL, universally accepted by infielders, outfielders and pitchers. Top quality features include: maximum full size baseball pattern, welted crotch design, one-piece palm and thumb, "U" wrist, and patented dual vertical hinged web. The A2000-XL is fully lined and has leather facing throughout.

The PRO-STAFF Baseball Gloves

NEW '81

Wilson proudly introduces PRO-STAFF baseball/softball gloves. The new PRO-STAFF and PRO-STAFF CENTERFOLD gloves offer Wilson professional quality at a moderate price. These gloves have been designed with the assistance of our Major League Advisory Staff numbering over 200 players. PRO-STAFF gloves are handcrafted using leather tanned from select American hides. Wilson's special tanning process creates leather with an exceptionally supple feel yet firm enough for optimum playability and durability.

B A2200 The PRO-STAFF CENTERFOLD
A revolutionary new glove innovation designed to conform to the bone and muscle structure of the player's hand. The Centerfold has a Snap Action break in the center of heel where your hand folds when you grasp or catch a ball. For years many professional and serious players have reworked their gloves to break in the center. Wilson has now designed a glove for these players. The exclusive closed pro-back design features Wilson's vertical contour hinge so the back of the glove breaks like the palm.

C A2204 The PRO-STAFF
The PRO-STAFF is based on a classic glove pattern repeatedly requested by our Major League Advisory Staff. It is designed for the player who wants the lightness and maneuverability of a mid-sized glove, but the quality features normally found only in larger, heavier gloves. The deep well pocket and $\frac{3}{4}$ web combine to offer a glove that grips the ball, but allows for quick releases and throws. Ideal for infield play but also suitable for outfielders and pitchers.
