

1900's Kaufmann's Professional Model 02K Glove

Very rare Kaufmann's white leather fielders glove that has no web between the thumb and the index finger. As you look closely at the two fingers you can see that there was a web at one time, but someone carefully removed it. Great tag from a vintage department store. A sample department store catalog will be included with this purchase. There is also a metal "Kaufmann's" tag that is attached to the glove. "Professional Model" 02K with all silver remains in the palm of the glove. Interior of the glove looks to be cotton or asbestos in good condition with some discoloration.....\$650

Blessed Be the Tie That Binds

A Baptist minister has devised a way to keep a glove on a ballplayer's hand

by JAY FELDMAN

1991 Wote 4413 Glove

Very unusual glove with unique wrist strap and a good story. Signed by its inventor with a note "To Jay".....\$45

ONE SUNDAY MORNING IN 1984, Rufus Hayes was driving to Detroit's Word of Truth Baptist Church, where he is an associate minister. Thirty years earlier, Hayes had attended Texas Southern University on a baseball scholarship, and now in the car his mind wandered back to the diamond. He recalled a jarring collision at home plate during a sandlot game when he was in high school that had sent his catcher's mitt, with the baseball in it, flying from his hand. As he thought about the incident—one most catchers have experienced—a light bulb suddenly glowed. He had the solution to the problem of the lost mitt.

Hayes's brainstorm was this: If he extended the conventional strap on a catcher's mitt several inches up his arm, then attached an additional strap to the first strap and wrapped the second strap around his arm, it would be almost impossible to lose his glove. As he mulled over the idea, Hayes realized that the innovation didn't have to be limited to mitts. What a boon the strap system would be, for example, to an outfielder who, jumping high to snag a ball that appears to be going over the fence for a home run, loses his glove after he makes the catch.

Hayes, 48, a former Detroit auto worker, mentioned his idea to Charles Edison, Word of Truth's pastor, who encouraged him to seek a patent and begin working on the glove. Using a hot-glue gun and leather from his wife's old purses, Hayes experimented with various designs. In 1988 he went to Taiwan to explore manufacturing possibilities, and Edison appealed to the Word of Truth congregation for a "faith investment" to get the project going. More than half of the congregation's 1,700 members responded, contributing \$100,000 in start-up funds. Since then, Hayes says, more than \$300,000 has been invested.

In 1991 Hayes began full-scale production and distribution of the WOTE

Hayes chopped up some of his wife's old purses to develop a prototype for The Edge.

glove—the brand name is an acronym for Word of Truth Enterprises. WOTE Inc. now makes 10 models of mitts and gloves, ranging in price from \$27 to \$90. The gloves, which are called The Edge, are manufactured in Taiwan and are sold in K Mart stores, through Sears catalogs and by more than 50 sporting-goods stores across Canada. Sales topped \$200,000 in 1991, and Hayes expects WOTE to gross \$1 million in '92.

Although the line includes professional-quality models, Hayes thinks that the WOTE glove is especially well suited to youngsters, who can gain confidence in their fielding skills, knowing their gloves won't be knocked off by hard-hit balls. However, the fact that some of today's kids are tomorrow's pros is not lost on Hayes, who points out that many innovations in sporting equipment started at the youth level: "When we played ball as kids, we had the batting helmets that came

down over our ears—the pros didn't have them. But now they do."

As one might expect with a new business, WOTE has had its share of setbacks. In June '91 the company signed a three-year lease on an old Rawlings plant in Haiti, which had closed the previous December when Rawlings moved its baseball-manufacturing operation to Costa Rica. By putting a WOTE operation in Haiti, Hayes hoped to gain greater quality control in gloves and also to begin making baseballs. Those plans came to an end with the military coup in Haiti in September and the ensuing U.S. trade embargo.

And WOTE, like many small businesses, suffers from limited financing. To keep cash flow down, the company has only two traveling sales representatives, and its office in Detroit has a staff of two—Hayes and a secretary. The staff does everything from answering telephones to shipping to billing to dealing with the factory in Taiwan.

"Many people have advised me to sell the rights and let someone else have the headache," says Hayes. "But I want to produce some jobs in the community. It's not so much that I want to keep it an African-American enterprise, but I think that a lot of times we have sold out when we shouldn't have because times got a little tough. Eventually I want to make this a full-fledged minority-run sporting-goods company. I'd like to see us manufacture and distribute a full line."

For now, Hayes is content to plug along one step at a time, convinced that his invention will some day revolutionize fielding. "This glove becomes an extension of your hand," he says, "and since you don't have to worry about losing it, you're not restrained by the concern of holding it on. Therefore you can reach a little further. It gives you that little extra edge."

Jay Feldman, a free-lance writer in Davis, Calif., has often written for Sports Illustrated.

Mitchell & Ness 1" Web Model A1

Very solid glove inside and out. Completely original, uncleaned, and unrestored. It definitely lives up to its model A1 name. Classic tall and narrow profile. Interestingly, not made by their crosstown neighbors, A.J. Reach, as evidenced by the lack of diverted finger seems. Like Abercrombie & Fitch, Mitchell & Ness was a successful retailer long before becoming what we know them to be today. Embossed palm stamping is readable. Circular M&N logo surrounded by "Sporting Goods - Philadelphia" on lower palm, with A1 below. This is a very tall glove. Roughly 10.5" from heel to tip. White leather exterior is in great shape, slightly chalky. No ink. Liner is very solid. Nice golden yellow color. The piping is light tan and also in great shape. Original lace. Plain button on wrist.....\$400

Leather hand-made mitt.....\$44

Early 1900's A.J. Reach Crescent Glove

Early crescent gloves are not particularly hard to come by. But examples in really nice condition are. This Reach crescent has a great look with a brown/orange-ish combo (glove is a bit darker than the pics and is more on the brown side). The leather is super soft and it has a fantastic asbestos lining all the way through the finger stalls. The glove has a beautiful black and gold Reach patch and Reach button and measures 8.0" from left to right and 9.5" from top to bottom. When you put this one on your hand, you won't want to take it off!.....\$2,250

Edgar Martinez Game-Used Bat and Game-Model Glove

This 1991 Seattle Mariners magazine pictures Edgar holding this same Louisville Slugger 125, C243, bat along with the Mizuno World Win model MWV-720. There are several more photos in the magazine of Edgar using these. This glove has never been used and like other World Win models of that era, it's a beaut. The bat has a lot of use but it is not cracked. There are ball marks, nice taping on the handle, pine tar, but also a little splintering of the wood on the back as seen in the photo. The bat was purchased at a show in Seattle and came with this LOA. A great display trio for a Mariners/Martinez fan.....\$2,247

NOKONA FIELDERS GLOVES

G54

(Cut-away View)

G 54-Bob Lemon Professional

G 54—Leather anchored style. Outfield and pitchers model. Not only an extra large long pattern, but also made with a special forming deep pocket. The wool hand made felt pad is encircled, with leather locking same in position permanently. Manufactured of the very finest selected specially tanned cowhide. Streamlined fingers and thumb. Weltd throughout. Rolled leather bound. Fully cowhide lined. Laced heel; not closed as shown. Adjustable leather laced fingers. Solid one piece leather adjustable laced web. Special Inner-Greased Palm. Not oiled.

School or Club each \$14.95 Retail each \$19.50

1950's Bob Lemon Nokona G54 Bob Glove

Although endorsed by him, this glove is certainly not a lemon! Beautiful leather and great stampings await for the new owner of this glove. Near top of the line from the mid 1950's, this model has the "Leather Anchored Pad", a feature not often seen on Nokona gloves. Inner lining feels great on the hand and it displays well on the shelf. A beauty!.....\$225

1920's Harry (Hank) Gowdy Thos. E. Wilson Snap Heel Catchers Mitt

Professional quality mitt with the Thos. E. Wilson patented wrist strap and three button snap heel which was a Rawlings feature. Harry Gowdy signature is visible on the front in the ring finger area. Just to the left, between the index and middle finger is the faint shadow of a circular logo that I cannot make out. Considering the snap heel, it could be the Rawlings shield logo (?). The quality of the mitt is outstanding. Very thick leather throughout, no holes or cracking anywhere. Faint RM initials on the wrist strap (probably Rob Mucha). The snaps are presently undone, but I believe they can be snapped closed with more pressure than I'd like to subject them to - they were snapped when I first obtained it. The lacing is all original and in mostly great shape with the exception of the web area. A string of five eyelets are unlaced as shown. Very cool TEW or Rawlings mitt with uncommon endorsement.....\$350

**A Three-fingered Model Selling
at the Popular Price of \$6.00**

Howard Ehmke

No. G74D. A popular priced three-fingered glove similar to the model so widely used by Howard Ehmke and other Big League pitchers and infielders. Made of oil treated tan horsehide, full leather lined. Has well padded heel and double finger which gives the glove a deep pocket. Laced heel. Welted seam construction throughout. Rawhide laced web between thumb and forefinger. Has strap and button on back at wrist. Price.....\$6.00

1932 Howard J. Ehmke D&M G74D 3-Finger Glove

Pre-war 3-finger gloves are some of the coolest in the hobby when on display. Even cooler when they are in amazing condition like this Howard Ehmke model. Measuring 8.5" from left to right and 8.75" from top to bottom, this glove appears to be unused. The stamping on the front is amazing, from the endorsement through the D&M palm stampings, including the always awesome D&M mascot, Nicodemus. Turn the glove over and you will be hard pressed to find a D&M patch and D&M button nicer than these. Put your hand in the glove and enjoy the smooth leather all the way up through the finger stalls.....\$1,300

Early 1900's Buckleback Crescent Glove

This is a very interesting early crescent glove with a buckleback. You don't come across too many like this. In fact, there is a unique manufacturer's patch on the back of the glove to the right of the buckle strap. While the hobby has not definitively identified the maker, the crown on the patch resembles what might be an early Rex Sporting Goods logo, though I am not sure. The glove measures 8.0" from left to right and 9.5" from top to bottom. The asbestos lining is complete in-tact all the way through the finger stalls. If the lucky buyer of this one is able to identify the maker based on the patch, I'd love to learn more at some point.....\$1,900

Model DW—Elmer Riddle

Compact, flexible, streamlined, "Natural Contour" Model (Licensed under Pat.No.2231204) bearing signature of Elmer Riddle, of the Cincinnati "Reds". Genuine horsehide with full horsehide lining, and hand formed asbestos felt pad. Inner processed greased palm, oiled back. Leather welted diverted finger seams and reinforced thumb seam. Roll leather bound edge, roll leather bound wrist, leather laced through metal eyelets. Improved double tunnel web with leather connector, laced through metal eyelets. Wide leather wrist strap. . . ★ 6.95—Each, \$9.25

1940's Elmer Riddle Goldsmith DW Glove

Long time glove collector, Fred Lowman, passed away in August. He was an avid collector of gloves, starting in the hobby in the early 1990's and was a frequent contributor to the Glove Collector Newsletter. He loved 1940's Goldsmith models and was a big fan of giving Elmer Riddle models as presents to people he knew that loved baseball. In that spirit, this glove from Fred's personal collection is free to a collector that will love and appreciate it.

1920's Bill Doak Rawlings Short Finger Glove

Beautiful Bill Doak Special in all original condition. Retains the original 3 patches. Rawlings and "Bill Doak Glove" patches on wrist strap, Burk & Co patch at the knuckles. All leather is soft and pliable. The liner is dry and flaking at the wrist, but not cracked through. Palm and finger stalls are smooth and clean. All original lace. Gene Austin was considerate enough to ink his name along the thumb and pinky edges to prevent them from being seen on display. Great color, and totally original. The stubby finger Doaks don't turn up very often.....\$325

Early 1900's White Buckle Web Crescent Glove

There are just a few very special buckle web gloves catalogued in our great hobby. This is one of them. The vertical seam across the crescent is prominently featured and is indicative of Victor Sporting Goods gloves, though since I do not 100% know if it is a Victor, it is not being sold as such. The leather is incredibly soft (suede-type feel...not sure if it is buckskin). This beauty measures 8.0" from left to right and 9.5" from top to bottom and has a great lining all the way through the finger stalls. Collectors wait for years to get a hold of a glove this special. Grab it while you can!.....\$5,500

1910's Simmons American Basemitt

This mitt has many characteristics of a base mitt and a fielder's mitt. It is a bit under 9" tall and has a softer, more heavily padded palm than a typical base mitt, and has a laced web. The palm leather is in sturdy shape, the back side is made from a thinner and softer leather. Both sides are free of major flaws. The back side of the thumb is soft and pliable, but there are minor cracks that do not go through the leather. Inside lining is checked, but mostly smooth and no holes. The patch is worn but there is enough left to determine the maker. I don't see any stamping. The original web lace is broken but left in place as reference should you wish to relace. The wrist strap is complete, but the buckle strap has given way. The buckle is present and contained on the strap. Because of the rivet on the buckle strap, repair options are limited.....\$150

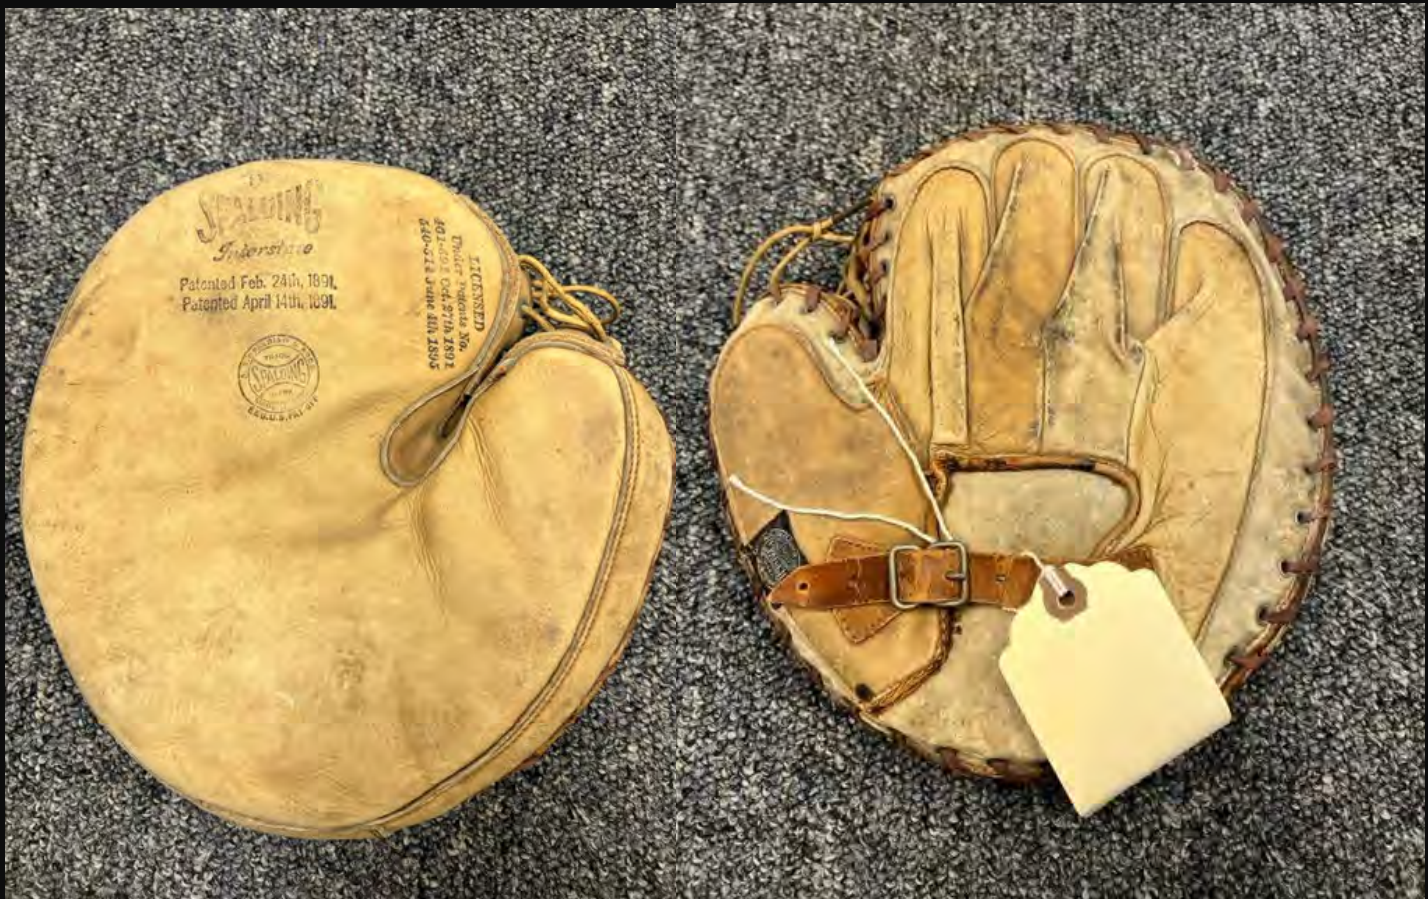

1930's Wilson/R.H. Macy & Co. 893 Glove

Model 893 buckle back glove. Large clean glove in great condition. Soft supple leather inside and out.....\$140

1920's Reach 1'' Web Glove

Three replica gloves for display or a challenging game of catch. Includes a Babe Ruth Home Run Special, a Dizzy Vance and a full web.....\$42

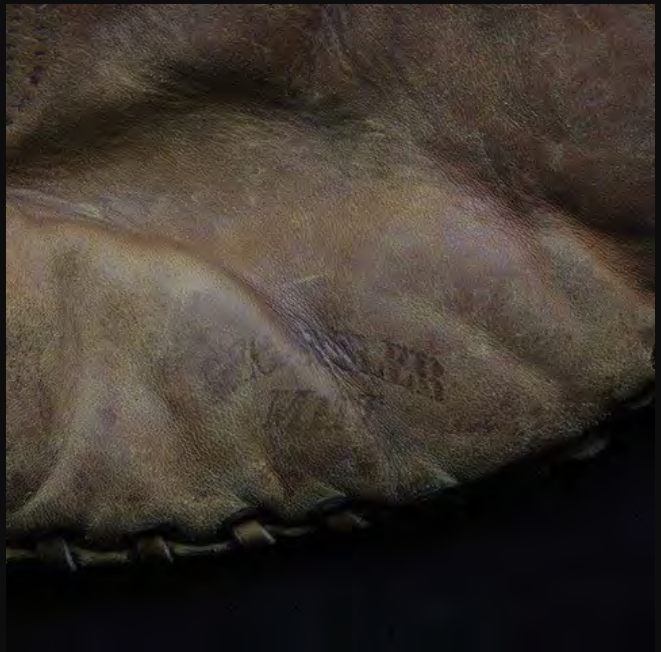

1910's Goldsmith Full Web Glove

Goldsmith full web fielders glove with unique button. Tag is in fair condition but very readable. Goldsmith stamping is still visible in the palm of the glove. T. Lyman is written at the base of the index finger. Glove feels great on your hand.
\$210

1940's Bill Doak Rawlings Model H Glove

Nice glove with soft and supple leather inside and out. Great Rawlings label and feel nice on hand.....\$135

1930's George Sisler Rawlings GS Basemitt

Professional quality mitt in restorable condition. Leather is in great shape inside and out. No ink. Lining and finger stalls are solid and smooth. Lacing is original and could possibly be saved. Web is in great shape. Rawlings tag is frayed. The binding around the perimeter is dry. Feels like some of the palm padding has been removed, or compressed. The padding along the perimeter and the heel feel original. Some work to restore the shape of the padding and a possible relace will turn this mitt into a beauty.....\$150

1910's Spalding Full Web Glove

Amazing condition. Great tag. No rips or tears.....\$400

1940's Martin Marion Rawlings G600 Glove in Box

Rawlings G600 Marty Marion 'Mr. Shortstop' split finger glove and matching box from late 1940s. Soft in and out with good markings and great cloud tag; all original with small vintage repair at base of thumb. Box is intact with nice label and only one split in the lid.....\$190

1910's D&M 1" Web Glove

Draper and Maynard 1" sewn web glove. Excellent condition. No rips or tears.....\$395

Pete Reiser
TRADE MARK

Model JCR - Regular
Model JCL - Long Finger
Model JCS - Short Finger

Pete Reiser Three-in-One Major League Model is built according to the ideas and specifications of leading Major League players. Made in Regular, Long Finger, and Short Finger Models, it is ideally adapted to the requirements of the individual players.

The streamlined "Natural Contour" Professional Model (Licensed under Pat. No. 2231204) embodies compactness and flexibility. The especially designed fingers with welted back seams form a much-desired, deep, natural cup in the palm of the glove. Made of selected, specially tanned, glove leather with full horsehide lining. Hand built, hand formed, asbestos felt pad. Leather welted diverter finger seams with leather welted seams down back of fingers and thumb. Thumb reinforcer between thumb and palm. Double tunnel web with leather connector laced through metal eyelets between thumb and forefinger. Full roll leather bound edge, leather laced through metal eyelets. Inner processed greased palm. Wide leather wrist strap.

Pepper Martin & Merrill May Rawlings Gloves

Really nice tags and leather. No rips or tears.....\$350

1930's Catchers Mitt With Finger Guards

Fingernail C-Mitt, few readable markings. G-VG in and out.....\$375

1910's/20's Basemitt

Unknown manufacturer. Twine pipe. 1B mitt. Soft glove.....\$100

OTHER COOL STUFF SECTION

Glove Buttons

D&M, Spalding, Wilson, Rawlings 1, Rawlings 2, Dubow & Montgomery Ward.....\$65

1900's Stall and Dean Bat

Earliest Stall and Dean label, thick handle, complete knob, not cracked, 33.75 inches and 36.7 ounces.....\$425

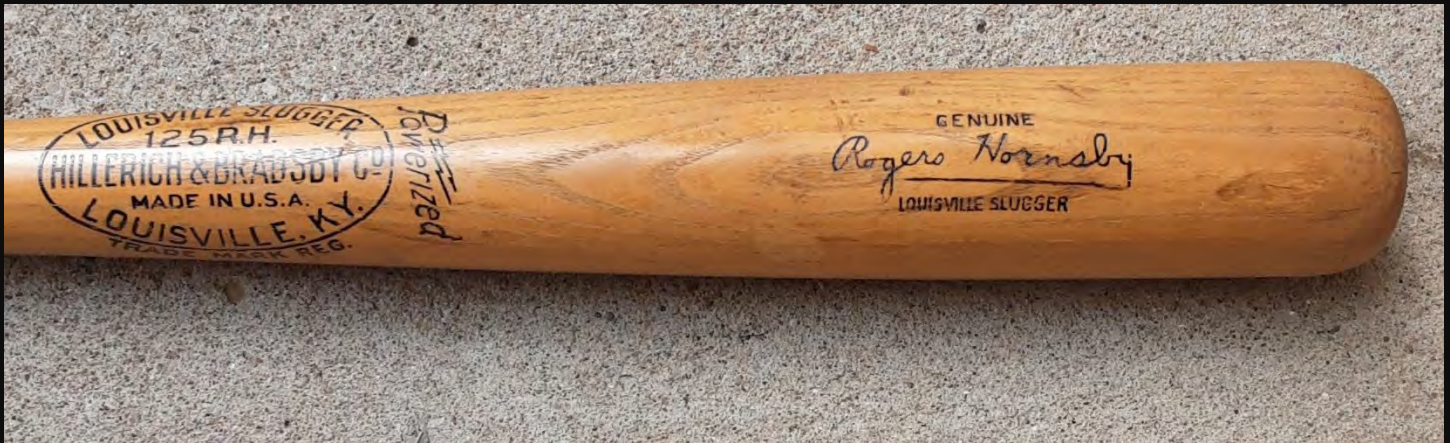

James Brine Uniform

Very nice heavy wool James Brine collard baseball uniform. Jersey is tagged with an M which I assume is medium as it's 20" pit to pit. Pants are extremely heavy wool and have no tags inside. Great looking antique early uniform.....\$325

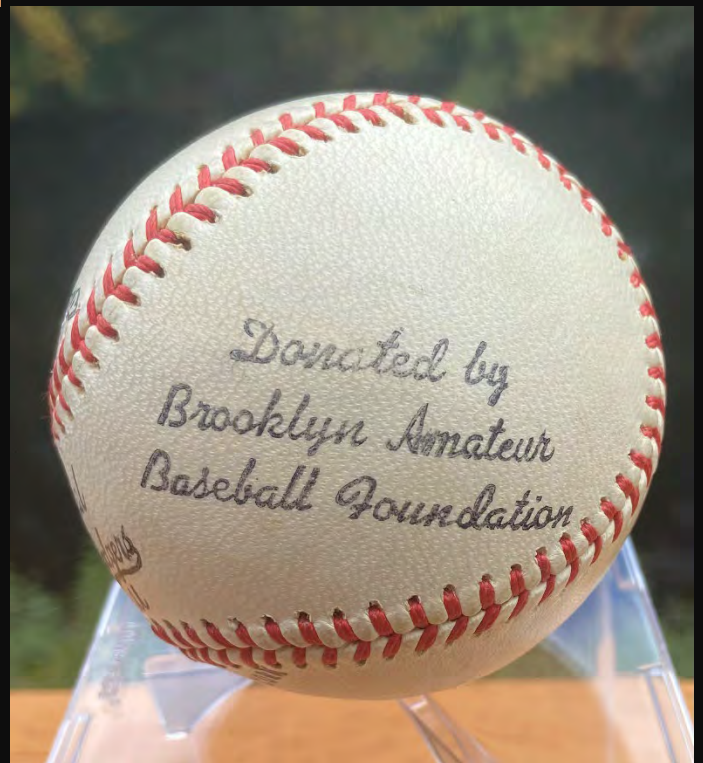

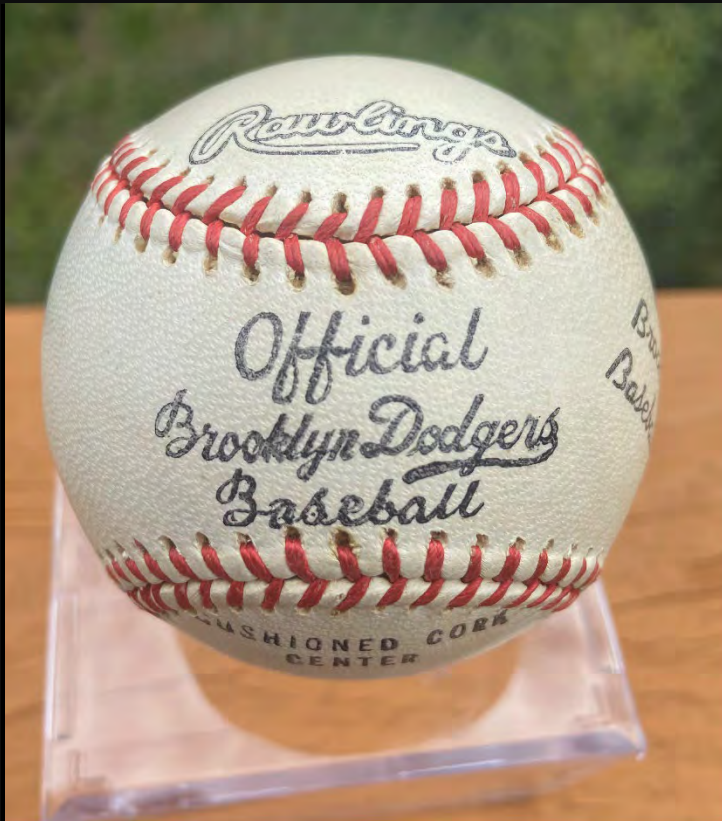

Nicodemus D&M Ball

Made by Don Droke from a well used Draper & Maynard glove, sewn in the Belted H style commonly used by civil war soldiers over 160 years ago. The dog's name, "Nicodemus", on the back panel. A must have for a D&M or any old glove collector.....\$150

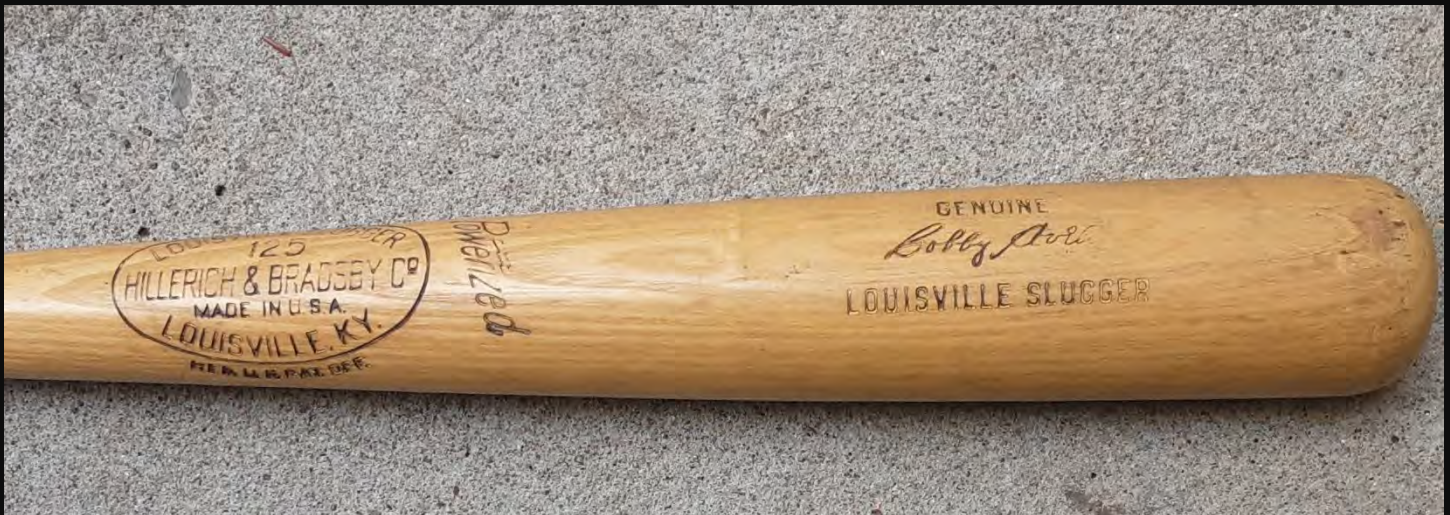

Rogers Hornsby Hillerich & Bradsby 125RH Louisville Slugger Bat

Rogers Hornsby 125RH, 34" 33.4 oz handle cracked, very light use.....\$225

Early 1950s Rawlings Brooklyn Dodgers Baseball

NM condition. Distributed to youth leagues in the heart of Brooklyn during their golden era.....\$250

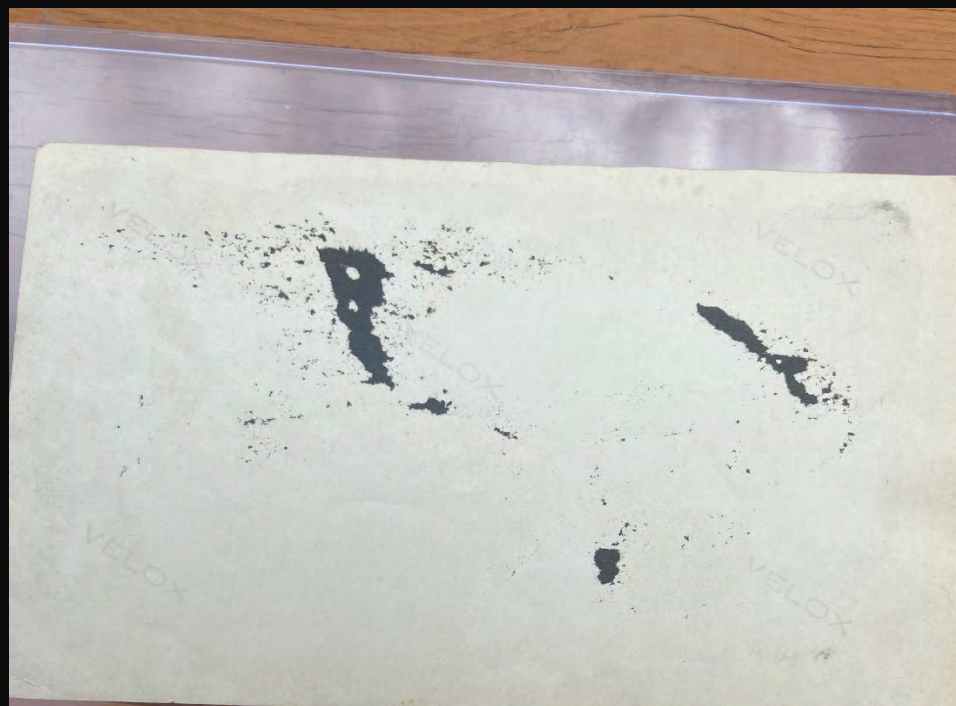

Bobby Avila Hillerich & Bradsbey 125 Louisville Slugger Model K75 Bat

Game Model K75 34" 34.25 oz. Indians star 1950's.....\$300

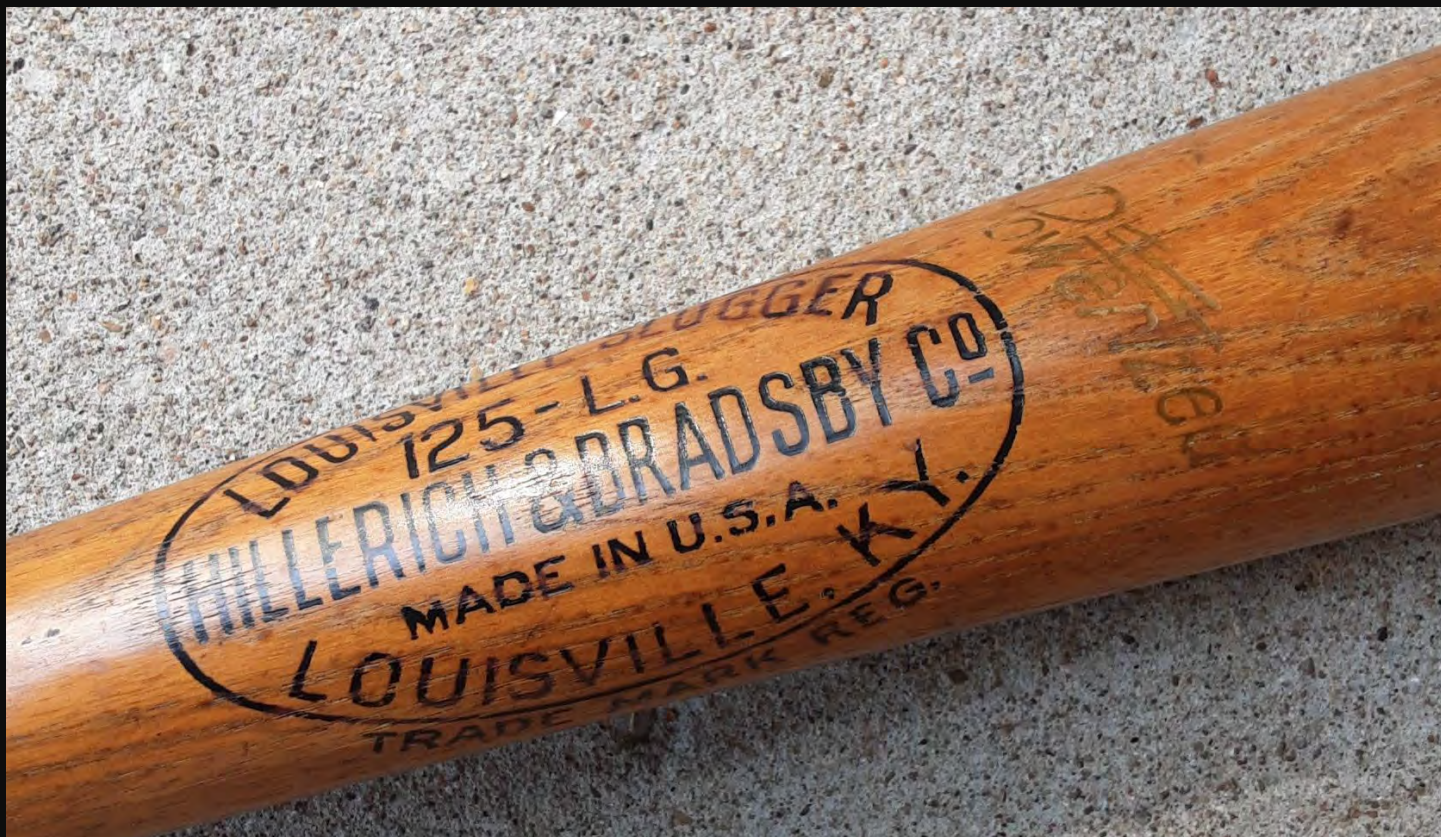

Jackie Robinson Hillerich & Bradsby 125 Louisville Slugger Bat

Jackie Robinson 125 33" 34 oz the lightest of use.....\$75

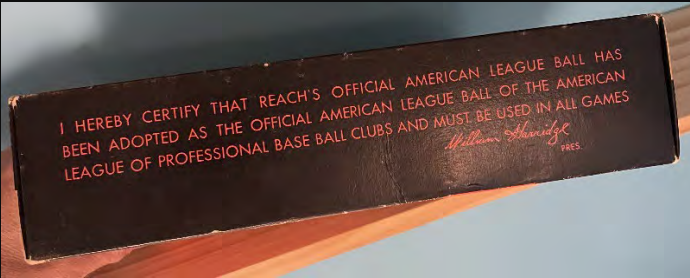

1916 D&M Sporting Goods Postcard

Unique photograph of the large sign above the entrance to the Draper Maynard Sporting Goods Company in New Hampshire and small sign on the door. Taken by a member of the World Champion Red Sox as they toured the factory after the season. The condition and quality of the photo are both nice with some scrapbook paper on the back. Postcard sized.....\$95

Lou Gehrig Hillerich & Bradsby 125-LG Louisville Slugger Bat

Lou Gehrig 125 LG Powerized 34" 37 Oz. 30's light use. Ex.....\$425

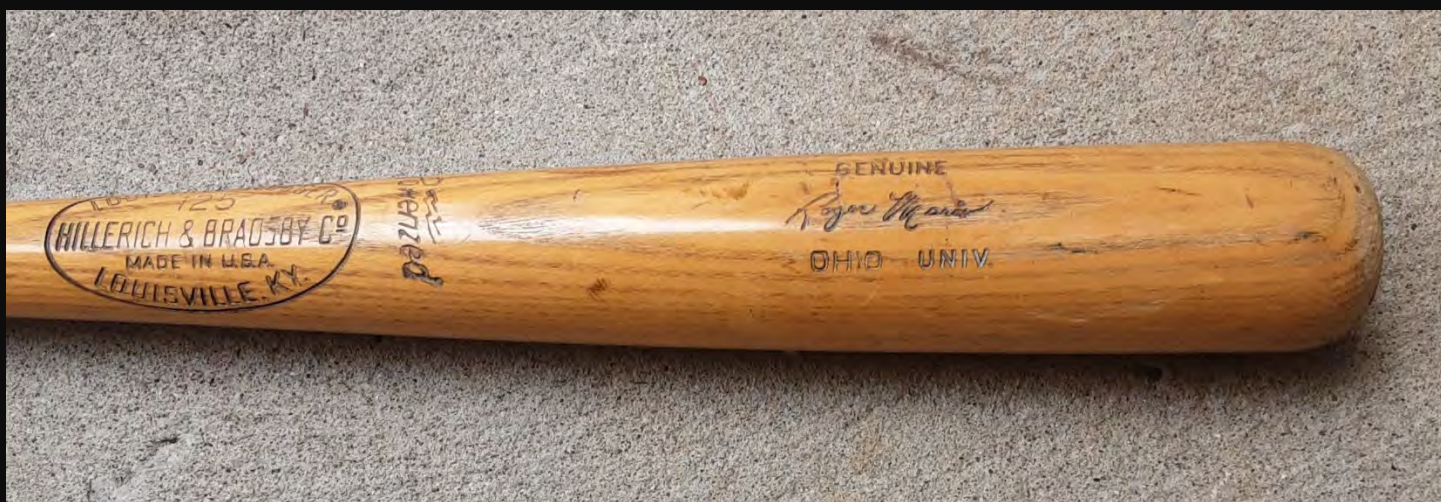

1930's/40's Reach Baseball Box

Structurally sound, in overall very good condition. Missing bottom section. Gorgeous display piece next to a Reach glove. Probably late 30's, or early to mid-40's. Other two side sections are similar to the ones you see in the photos.....\$125

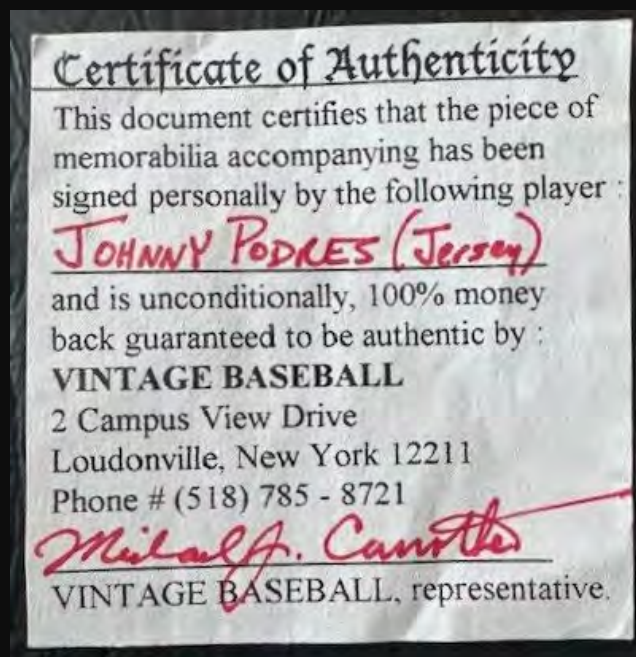

Melvin Ott Hillerich & Bradsby 40MO Louisville Slugger Bat

Model 40 MO 20s era, 35" 38.5 oz., crack, Ex stamping.....\$260

Roger Maris Hillerich & Bradsby 125 Louisville Slugger Bat

Roger Maris 125 pro model 016 used at Ohio University, not a store bat, 34" 32 oz. Handle Cracked. Seldom seen model.....\$190

Johnny Podres Autographed Jersey

Jersey autographed by 1955 Brooklyn Dodger legend, Johnny Podres. Comes with COA from Vintage Baseball.....\$25

1927 Ken Wel Calendar

Old calendar depicting the Lou Gehrig 632 zipperback model basemitt. Was stored rolled up like a poster. Would have loved to see the shop in which this hung. For the Ken Wel enthusiast.....\$30
