## 1950's Lonny Frey Rawlings LF Glove

Here is a Rawlings Model LF, Lonny Frey fielders glove. This model was near the 'top of the line' in the 1952 catalog and retailed for \$20 at that time (\$245 in today's money). The glove is large, soft and supple, yet very sturdy, with all rolled leather piping. There are strong, silver-filled stampings across the front of the piece and it features a fine brass button with a Rawlings logo on the reverse. The focal piece of the glove is the pristine mfg's patch on the wrist strap which is stitched in next to the bold 'Snugger Adjustment' feature. The interior of the glove is flawless. The only blemish is some light ink on the bottom, interior of the heel which, as you can see, is not visible when the glove is displayed.....\$180
